

RoHS - Statement of Conformity

Metagra Industry NV. is a user of substances and mixtures. Related duties and requirements are known to us and are fully integrated into the business processes and thus complied with.

To the best of our knowledge, our products delivered to you do not contain any restricted substances of the RoHS II Directive 2011/65/EU above the limit specified in Annex II of the Directive.

For the supply of the raw materials of our products, qualified and trustworthy sources of supply or distributors are very important to us. Our suppliers have been known to us for years and know our high quality standards.

In the interests of maximum product safety and environment protection, we make sure that our suppliers also comply with all relevant requirements for the substances, mixtures and products we use in our production.
